Parent and Community

Parental support is extremely important in a student's education and achievement. At US International Christian Academy, the parents are an integral part of our high school program. Parents must come visit our facilities to register their son/daughter and be introduced to the school and all the services available to the students. Parents are welcome to contact the school with any concern or to inquire about their son/daughter progress.

Advisory Board

The school has an Advisory Board consisting of members representing administrative staff, faculty, parents and when possible alumni. The board is responsible for providing feedback from the analysis and results of the evaluation and assessment process. The board meets once a year after the week of evaluation and assessment to make its recommendations to the administration.

The school aims to maintain open relations and communication with the parents. The first meeting with the parents during the process of admission, they receive orientation as well as their children. Parents are able to participate in the Advisory Board. They are also encouraged to inquire about their children's performance and to ask for parent conferences with the faculty. The school also sends home a newsletter every semester.

The Advisory Board receives the results of the Evaluation and Assessment forms and provides feedback on the recommendations and implementations provided by the faculty and administration.
